

Picture Permission Form

Troop 225 Website

I, (Scout or Scouter's name) , give my permission to have pictures of myself posted on the Troop 225 Website. I understand that these pictures will be scouting related and will contact the Webmaster if I feel that the picture is not appropriate.

I also realize that there is a certain risk involved in posting pictures of myself on the Internet and release the Webmaster, St. Bernadette Church, Troop 225 and its leaders and volunteers, the Greater Cleveland Council and the Boy Scouts of America from any consequences resulting from these pictures.

In consideration of the benefits to be derived and after considering the risk involved, and in view of the fact that the Boy Scouts of America is an organization in which membership is voluntary, and having full confidence that precautions will be taken to insure the safety and well-being of myself, I give my permission to the Webmaster to post pictures of scouting that include me on the troop's website.
